

Name : Medical Waste Incinerator
Brand : BISAMED
Type : BSM100

Features :
- Modular Design for Easy Installation
- Heavy Duty All Welded Construction
- Digital Control Panel
- Spark Arrestor Cap
- Pyrolysis System
- Hazard Free Operation
- Easy to Operated
- Economize

Specifications :

Type : Tubular Chamber
Capacity : Approx. 100 Kg
Waste Feeding : Manual
Fuel : Kerosene / Diesel Fuel
Tank Fuel : Approx. 200 Liter
Electric Fuel : 1345W/ 220V/ 50Hz/ 1 Phase
Control Panel : Digital
Indicator Temperature : Digital
Operation Temperature : 600 °C - 1200 °C
Alarm : Automatic
Painting : Hot Endured Paint
Dimension (Cycl) : Approx. 1650 mm x 1370 mm x 1700 mm
Stack : Approx. 14.000 mm Height on ground
Wet Scrubber : Included
