

Name : Medical Waste Container
Brand : BISAMED
Type : BSM-MWC02

Features :

- Feasibility Standard
- Easy to Pairs
- High Quality Machine and Material
- Design by Skilled and Professional Person
- Temperature Control Precision and Easy to Use
- User Friendly design and Accordance With the Needed of Storage
- Monobloco machine is integrated compressor, capacitor, and evaporator then the pipe installation aren't needed

Specifications :

Application : Medical Waste
Dimensions (Luar) : ± 2500x2500x3000 mm
Dimensions (Dalam) : ± 2360x2360x2860 mm
Volume Capacity : 15.9 M³
Temperature : 0 to -10 °C
Refrigerant : R134a / R-404 a
Wattage : ± 885 Watt / 220 V / 50Hz
Body Panel : PU PANEL
Density : 40 - 42 Kg/M³
Poliuretan Panel : Thick 70 mm
Door : Swing 750 x 1800 mm. T. 70mm
